**DIVISION – AGRICULTURE, RURAL DEVELOPMENT, FOOD AND DRUG
ADMINISTRATION, AND RELATED AGENCIES APPROPRIATIONS ACT, 2020**

CONGRESSIONAL DIRECTIVES

The statement is silent on provisions that were in both the House Report (H.Rpt. 116-107) and Senate Report (S.Rpt. 116-110) that remain unchanged by this agreement, except as noted in this statement.

The House and Senate report language that is not changed by the statement is approved and indicates congressional intentions. The statement, while repeating some report language for emphasis, does not intend to negate the language referred to above unless expressly provided herein.

In cases in which the House or the Senate have directed the submission of a report, such report is to be submitted to both the House and Senate Committees on Appropriations no later than 60 days after enactment of this Act, unless otherwise directed.

Hereafter, in division of this statement, the term ‘the Committees’ refers to the Committees on Appropriations of the House of Representatives and the Senate.

For the appropriations provided by this Act and previous Acts, the departments and agencies funded by this agreement are reminded that the Committees use the definitions for transfer, reprogramming, and program, project, and activity as defined by the Government Accountability Office (GAO) in GAO-04-261SP Appropriations Law—Vol. I and GAO-05-734SP Budget Glossary.

A transfer is the shifting of funds between appropriations. It applies to (1) transfers from one agency to another, (2) transfers from one account to another within the same agency, and (3) transfers to an interagency or intra-agency working fund. In each instance, statutory authority is required.

Reprogramming is the utilization of funds in an appropriation account for purposes other than those contemplated at the time of appropriation. It is the shifting of funds from one object to another within an appropriation.

A program, project, or activity (PPA) is an element within a budget account. PPAs are identified by reference to include the most specific level of budget items identified in the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Act, 2020, accompanying Committee reports, explanatory statements, and budget justifications.

Program activity structures are intended to provide a meaningful representation of the operations financed by a specific budget account by project, activity, or organization.

For fiscal year 2020, the Committees continue to include bill language requiring advanced notification of certain agency actions. Notification will be required at least 30 days in advance of any action if (1) a major capital investment is modified; (2) an office is realigned or reorganized; and (3) activities are carried out that were not described in the budget request.

The agreement directs the Office of Budget and Program Analysis (OBPA) of the U.S. Department of Agriculture (USDA) to provide an organizational chart for each agency funded by this Act to the division and subdivision level, as appropriate, by February 1, 2020. The agreement also directs the Food and Drug Administration (FDA), the Commodity Futures Trading Commission (CFTC), and the Farm Credit Administration (FCA) to provide an organizational chart of each agency respectively to the division and subdivision level, as appropriate, by February 1, 2020.

Further, USDA, FDA, and CFTC should be mindful of Congressional authority to determine and set final funding levels for fiscal year 2021. Therefore, the agencies should not presuppose program funding outcomes and prematurely initiate action to redirect staffing prior to knowing final outcomes on fiscal year 2021 program funding. The agreement directs OBPA to provide the Committees with the number of staff years and employees on board for each agency funded by this Act on a quarterly basis.

TITLE I
AGRICULTURAL PROGRAMS
PROCESSING, RESEARCH AND MARKETING
OFFICE OF THE SECRETARY
(INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$46,139,000 for the Office of the Secretary.

The agreement is concerned with the number of staff vacancies within USDA. While funding levels continue to increase for many agencies, staffing levels continue to decline. Within 180 days after enactment, the Secretary shall provide detailed staffing levels for all research agencies, the Farm Service Agency, all marketing agencies, Rural Development, the Food and Nutrition Service, and the Foreign Agricultural Service. The report shall include all vacancies that have remained unfilled for more than six months and detailed plans to fill those

vacancies. The report shall also include for each agency, the number of fulltime equivalent (FTE) staff utilized and the number of vacancies for fiscal years 2015 through 2019.

The agreement notes the ongoing contract negotiations between West Coast grain terminal operators and the International Longshore and Warehouse Union and recognizes the importance of reaching an agreement that works for both parties. A failure to reach an agreement could result in an interruption in grain terminal service that would negatively impact the nation's grain exports. The agreement urges all parties to continue negotiating in good faith to ensure an equitable outcome for both grain terminal operators and their workers is expeditiously reached.

The agreement directs the Secretary to submit a report that describes the economic and environmental impacts of importing orchids in growing media. The report shall include: a description of the economic impact of importing orchids in growing media on a state-by-state basis, with data collected from local growers; any incidents of pests detected on orchids imported with growing media; and an analysis with respect to additional resources that are necessary to prevent and mitigate the introduction of pests resulting from importing orchids in growing media.

The agreement directs the Secretary to preserve the term "climate change" in any publication where scientifically appropriate.

In addition to updates provided to the Committees, the Department is directed to include in its fiscal year 2021 Congressional Justification, as a single exhibit, a table listing all deliverables, with a column for due dates if applicable.

The Department is reminded of enacted language prohibiting the initiating, planning, developing, implementing, or making of any changes to remove or relocate any systems, missions, or functions of the offices of the Chief Financial Officer or any personnel from the National Finance Center prior to written notification to and prior approval of the Committee on Appropriations of both Houses of Congress.

The agreement recognizes the important role of the Forest Service Job Corps Civilian Conservation Centers and directs the Secretary to continue the program as currently structured.

The Department is directed to treat crop losses due to freeze as losses resulting from snowstorms and therefore eligible for WHIP+ payments.
