* \$500 million or less.

¹ See Tables S-4 and S-7 for information on the adjusted baseline.² For total deficit reduction since January 2011, see Table S-3.³ Includes proposals to limit the total accrual of tax-favored retirement benefits and conform SECA taxes for professional service businesses.⁴ Business tax reform transition revenue finances the \$126.5 billion in budget authority for new surface transportation investments (the PAYGO portion of the reauthorization proposal) plus \$111.9 billion of cash transfers necessary to ensure Transportation Trust Fund solvency for all programs proposed to be funded via the Transportation Trust Fund over the six-year reauthorization period, leaving an additional \$29.7 billion for deficit reduction.⁵ Includes proposals to support Preschool for All, extend the Maternal, Infant, and Early Childhood Home Visiting program, and extend CHIP funding through 2019.⁶ Includes all HHS health savings and OPM FEHBP savings.⁷ Includes proposals to reduce the value of certain tax expenditures and implement the Buffett Rule by imposing a new “Fair Share Tax.”

Table S-3. Cumulative Deficit Reduction

(Deficit reduction (–) or increase (+) in billions of dollars)

	2016-2025
Deficit reduction achieved through January 2015, excluding Overseas Contingency Operations (OCO):	
Enacted deficit reduction excluding pending Joint Committee enforcement:	
Discretionary savings ¹	-1,634
Mandatory savings	-97
Revenues	-776
Debt service	<u>-848</u>
Subtotal, enacted deficit reduction excluding pending Joint Committee enforcement	-3,355
Pending Joint Committee enforcement:²	
Discretionary cap reductions	-532
Mandatory sequestration	-185
Debt service	<u>-172</u>
Subtotal, pending Joint Committee enforcement	<u>-888</u>
Total, deficit reduction achieved, excluding OCO	-4,243
Tax reforms and investments to support working families:	
Tax reform and investment proposals ³	-5
Debt service	<u>-8</u>
Total, tax reforms and investments to support working families	-13
Additional investments in growing the economy and creating opportunity:	
Investment proposals and offsets ⁴	-386
Debt service	<u>-39</u>
Total, additional investments	-425
Additional deficit reduction from health, tax, and immigration reform:	
Health savings	-402
Reforms to high-income tax expenditures	-638
Immigration reform	-158
Debt service	<u>-173</u>
Total, additional deficit reduction	-1,371
Subtotal, tax reforms, investments, and additional deficit reduction	-1,809
Other changes to deficits:¹	
Replacement of mandatory sequestration	185
Proposed Budget Control Act cap adjustment for disaster relief and wildfires	18
Debt service and indirect interest effects	<u>41</u>
Total, other changes to deficits	244
Grand total, achieved and proposed deficit reduction excluding OCO	-5,808

Table S-3. Cumulative Deficit Reduction—Continued

(Deficit reduction (–) or increase (+) in billions of dollars)

	2016–2025
Memorandum, revenue and outlay effects of achieved and proposed deficit reduction:	
Enacted outlay reductions and 2016 Budget spending proposals	–3,438
Enacted receipt increases and 2016 Budget tax proposals	–2,212
Immigration reform	–158
Memorandum, savings in Overseas Contingency Operations (OCO):	
Enacted reduction in OCO funding	–1,016
Proposed reductions in OCO	–557
Debt service	–354
Total, savings in overseas contingency operations (OCO)	–1,927

¹ Excludes savings from reductions in OCO.² Consists of mandatory sequestration for 2016–2024 and discretionary cap reductions for 2016–2021.³ See Table S-2 for details on tax reform and investment proposals.⁴ See Table S-2 for details on additional investment proposals.

Total, reserve for long-run revenue-neutral business tax reform	11,238	-1,249	-18,851	-18,969	-16,114	-14,138	-15,226	-14,426	-13,748	-14,215	-14,529	-69,321	-141,465

Note: For receipt effects, positive figures indicate lower receipts. For outlay effects, positive figures indicate higher outlays. For net costs, positive figures indicate higher deficits.

¹ For 2016, the additional funding is proposed as a discretionary change in mandatory programs (CHIMP).

² Last summer, the President took action within his existing authority to implement eligibility expansions to income-based repayment plans proposed in the 2015 Budget. However, the Administration continues to seek to work with the Congress to create a unified, simple, and better targeted PAYE program. The Budget would use the resulting savings presented in this table to help students and expand college access.

³ The estimates for this proposal include effects on receipts. The receipt effects included in the totals above are as follows:

⁴ Health savings in Table S-2 includes all HHS health savings and OPM FEHBP savings.⁵ Unemployment insurance reform also includes the proposal to make the unemployment insurance surtax permanent. On net, the package reduces the deficit by \$5.9 billion over 10 years.⁶ Revenues are net of the 20% Treasury offset.⁷ Deficit savings achieved through the increased value of monetized spectrum achieved via targeted investments that will enhance Federal spectrum efficiency and create more opportunity for spectrum sharing.⁸ This proposal also saves less than \$500,000 in SSI over 10 years.⁹ This proposal costs less than \$500,000 in each year and over 5 and 10 years.¹⁰ Savings of \$1 million over 5 years and \$4 million over 10 years.¹¹ The estimates for this proposal include effects on outlays. The outlay effects included in the totals above are as follows:

Table S-10. Funding Levels for Appropriated (“Discretionary”) Programs by Category—Continued

(Budget authority in billions of dollars)

* \$500 million or less.

- ¹ The discretionary funding levels from OMB’s adjusted baseline are consistent with the caps in the Balanced Budget and Emergency Deficit Control Act of 1985 (BBEDCA), as amended, with separate categories of funding for “defense” (or Function 050) and “non-defense” for 2015–2021. These baseline levels assume Joint Committee enforcement cap reductions are in effect through 2021. For 2022 through 2025, programs are assumed to grow at current services growth rates with Joint Committee enforcement no longer in effect, consistent with current law. The levels shown here for the non-defense category do not include the reclassification of surface transportation programs shown later in the table.
- ² The 2016 Budget provides a detailed request for 2016 at the cap levels requested in the 2015 Budget and, after 2016, continues the 2015 Budget framework of providing additional investments in both defense and non-defense programs above the baseline levels that include Joint Committee enforcement. In addition, the 2015 Enacted levels are illustratively adjusted to reflect the 2015 Request for the Department of Homeland Security since the programs and activities in the Department were under a short-term continuing resolution at the time the 2016 Budget was developed.
- ³ Where applicable, amounts in 2014 through 2025 are existing or proposed cap adjustments designated pursuant to Section 251(b)(2) of BBEDCA, as amended. The 2016 Budget proposes new cap adjustments for program integrity and wildfire suppression activities. For 2017 through 2025, the cap adjustment levels for wildfire suppression are a placeholder that increase at the policy growth rates in the President’s Budget. The existing disaster relief cap adjustment ceiling (which is determined one year at a time) would be reduced by the amount provided for wildfire suppression activities under the cap adjustment for the preceding fiscal year. The amounts will be refined in subsequent Budgets as data on the average costs for wildfire suppression are updated annually.
- ⁴ The 2016 Budget includes placeholder amounts of nearly \$27 billion per year for Government-wide OCO funding from 2017 to 2021. The placeholder amounts continue to reflect a total OCO budget authority cap from 2013 to 2021 of \$450 billion, in line with previous years’ policy, but do not reflect any specific decisions or assumptions about OCO funding in any particular year. These amounts do not reflect the Administration’s intent to transition all enduring costs currently funded in the OCO budget to the base budget beginning in 2017 and ending by 2020. Those amounts will be refined in subsequent Budgets as the Administration develops its OCO transition plan.
- ⁵ Under Joint Committee enforcement, the current law defense and non-defense discretionary caps specified in BBEDCA are estimated to be reduced by a combined \$539 billion over the 2016 through 2021 period. The 2016 Budget proposes to restore approximately two-thirds of those reductions.

* \$50 million or less.

¹ Amounts in the actual and enacted years of 2014 and 2015 exclude changes in mandatory programs enacted in appropriations bills since those amounts have been rebased as mandatory, whereas amounts in 2016 are net of these proposals.² The Department of Defense (DOD) levels in 2017–2025 include funding that will be allocated, in annual increments, to the National Nuclear Security Administration (NNSA). Current estimates by which DOD’s budget authority will decrease and NNSA’s will increase are, in millions of dollars: 2017: \$1,602; 2018: \$1,665; 2019: \$1,698; 2020: \$1,735; 2017–2025: \$15,910. DOD and NNSA are reviewing NNSA’s outyear requirements and these will be included in future reports to the Congress.³ Funding from the Hospital Insurance and Supplementary Medical Insurance trust funds for administrative expenses incurred by the Social Security Administration that support the Medicare program are included in the Health and Human Services total and not in the Social Security Administration total.⁴ The 2015 Enacted levels are illustratively adjusted to reflect the 2015 Request for the Department of Homeland Security since the programs and activities in the Department were under a short-term continuing resolution at the time the 2016 Budget was developed.

Table S-11. Funding Levels for Appropriated (“Discretionary”) Programs by Agency—Continued

(Budget authority in billions of dollars)

⁵ The 2016 Budget includes allowances, similar to the Function 920 allowances used in Budget Resolutions, to represent amounts to be allocated among the respective agencies to reach the proposed defense and non-defense caps for 2017 and beyond. These levels are determined for illustrative purposes but do not reflect specific policy decisions.

⁶ Where applicable, amounts in 2014 through 2025 are existing or proposed cap adjustments designated pursuant to Section 251(b)(2) of the BBEDCA, as amended.

⁷ The 2016 Budget includes placeholder amounts of nearly \$27 billion per year for Government-wide OCO funding from 2017 to 2021. The placeholder amounts continue to reflect a total OCO budget authority cap from 2013 to 2021 of \$450 billion, in line with previous years’ policy, but do not reflect any specific decisions or assumptions about OCO funding in any particular year. These amounts do not reflect the Administration’s intent to transition all enduring costs currently funded in the OCO budget to the base budget beginning in 2017 and ending by 2020. Those amounts will be refined in subsequent Budgets as the Administration develops its OCO transition plan.

⁸ For 2017 through 2025, the cap adjustment levels are a placeholder that increase at the policy growth rates in the President’s Budget. The existing disaster relief cap adjustment ceiling (which is determined one year at a time) would be reduced by the amount provided for wildfire suppression activities under the cap adjustment for the preceding fiscal year. Those amounts will be refined in subsequent Budgets as data on the average costs for wildfire suppression are updated annually.

* \$500 million or less.

¹A decrease in the Treasury operating cash balance (which is an asset) is a means of financing a deficit and therefore has a negative sign. An increase in checks outstanding (which is a liability) is also a means of financing a deficit and therefore also has a negative sign.²Includes checks outstanding, accrued interest payable on Treasury debt, uninvested deposit fund balances, allocations of special drawing rights, and other liability accounts; and, as an offset, cash and monetary assets (other than the Treasury operating cash balance), other asset accounts, and profit on sale of gold.³Consists mainly of debt issued by the Federal Financing Bank (which is not subject to limit), Treasury securities held by the Federal Financing Bank, the unamortized discount (less premium) on public issues of Treasury notes and bonds (other than zero-coupon bonds), and the unrealized discount on Government account series securities.⁴Legislation enacted February 15, 2014, (P.L. 113-83) temporarily suspends the debt limit through March 15, 2015.⁵Treasury securities held by the public and zero-coupon bonds held by Government accounts are almost all measured at sales price plus amortized discount or less amortized premium. Agency debt securities are almost all measured at face value. Treasury securities in the Government account series are otherwise measured at face value less unrealized discount (if any).⁶At the end of 2014, the Federal Reserve Banks held \$2,451.7 billion of Federal securities and the rest of the public held \$10,328.1 billion. Debt held by the Federal Reserve Banks is not estimated for future years.
