

Program	Termination	Replaced by	Detail
Direct Payments	Yes - but	New shallow loss entitlements (ARC, STAX, SCO)	Direct Payments continue as "transition assistance" for producers of upland cotton in 2014 and in 2015 if STAX is not fully running. CBO projects new shallow loss entitlements to cost more than \$19 billion
Counter-Cyclical Payments	Yes - but	Price Loss Coverage	A new name but virtually the same program but with higher government-set target prices and a CBO cost of \$13 billion
Average Crop Revenue Election (ACRE)	Yes - but	Agriculture Risk Coverage	New shallow loss entitlement paid for completely by taxpayers
Supplemental Revenue Assistance Payments (SURE)	No		Program is not renewed. SURE was a disaster program from the 2008 farm bill that expired at the end of 2011
Dairy Product Price Support	Yes - but	Margin Protection Program for Dairy Producers (MPP)	MPP is a highly subsidized revenue entitlement for dairy producers
Milk Income Loss Contract	Yes - but	Margin Protection Program for Dairy Producers (MPP)	Repealed once MPP is running or 9-1-2014, whichever comes first
Dairy export incentive	Yes		
Federal Milk Marketing Order Review Commission	Yes		
Suspension of permanent price support authority of the Agricultural Adjustment Act of 1938 and the Agricultural Adjustment Act of 1949	No - Gimmick		Every farm bill suspends these outdated "permanent laws" for five years instead of repealing them. This is done to force a choice between subsidy-filled new farm bills or reversion to outdated command-and-control style intervention in agriculture
Comprehensive Conservation Enhancement	Yes		
Emergency Forestry Conservation Reserve	Yes		
Wetlands Reserve Program (WRP)	Consolidated	Agricultural Conservation Easement Program. (ACEP)	WRP is a part of ACEP
Farmland Protection Program (FPP)	Consolidated	Agricultural Conservation Easement Program. (ACEP)	FPP is a part of ACEP
Grasslands Reserve Program (GRP)	Consolidated	Agricultural Conservation Easement Program. (ACEP)	GRP is a part of ACEP
Agricultural Water Enhancement Program (AWEP)	Consolidated	Regional Conservation Partnership Program (RCPP)	Part of RCPP
Wildlife Habitat Incentives Program (WHIP)	Consolidated	Rolled into Environmental Quality Incentives Program	Part of EQIP
Great Lakes Basin Program for Soil Erosion and Sediment Control	Consolidated	Regional Conservation Partnership Program (RCPP)	Part of RCPP
Chesapeake Bay Watershed	Consolidated	Regional Conservation Partnership Program (RCPP)	Part of RCPP
Cooperative Conservation Partnership Initiative (CCPI)	Consolidated	Regional Conservation Partnership Program (RCPP)	Part of RCPP
Environmental Easement Program	Yes		Sec. 1239-1239D of the FSA, as amended, authorizes and establishes the environmental easement program between CY1991-CY1995
Partnership for Nutrition Assistance Initiative	Yes		Agreement with Mexico to promote awareness of SNAP benefits amongst eligible Mexican-nationals living in the United States is ended
Revolving Funds for Financing Water and Waste Water Projects	Maybe		No mention of the program in the conference agreement. Funding authority expired in 2013
Rural Business Opportunity Grants	Consolidated	Rural Business Development Grants program	
Rural Business Enterprise Grants	Consolidated	Rural Business Development Grants program	
Rural Business Collaborative Investment Program	Maybe		Program was never implemented. Not mentioned in Conference report and authorization of appropriations ended in 2013
Community Facilities Loan and Grant Program (termination of set-aside within)	No		Eliminates a set-aside requirement that 10% of funds be reserved for child care facilities. Funding is maintained

Repeal of human nutrition intervention and health promotion research	Yes		Appropriations of such sums as necessary were authorized through FY2013
Repeal of pilot research program to combine medical and agricultural research	Yes		Annual appropriations of \$10 million were authorized through FY2013
Repeal of national research and training virtual centers	Yes		
Repeal of research equipment grants	Yes		Appropriations of such sums as necessary were authorized through FY2013
Repeal of rural electronic commerce extension	Yes		
Repeal of nutrient management research and extension initiative.	Yes		Research program for managing animal wastes and odor
Repeal of agricultural bioenergy feedstock and energy efficiency research and extension initiative	Yes		
Repeal of red meat safety research center	Yes		
Repeal of Bovine Johne's disease control	Yes		
Repeal of national swine research center	Yes		Subject to the availability of appropriations to carry out this section, or through a reprogramming of funds provided for swine on the date of enactment of this Act and ending December 31, 1998, the Secretary of Agriculture, acting through the Agricultural Research Service, may accept as a gift, and administer, the National Swine Research Center located in Ames, Iowa.
Repeal of studies of agricultural research, extension, and education	Yes		Repeals a requirement that USDA conduct a performance evaluation to determine whether federally funded agricultural research, extension, and education programs result in public goods that have national or multistate significance.
Repeal of use of remote sensing data	Yes		Authorized through April 4, 2001, the use of remote sensing to anticipate potential food, feed, and fiber shortages, and to provide timely information to assist farmers with planting decisions. [7 U.S.C. 5935]
Repeal of reports under Farm Security and Rural Investment Act of 2002	Yes		Repeals the requiremnt of reports on producers and handlers for organic products [7 U.S.C. 5925b note; P.L. 107-171], genetically modified pest-protecte 462], and nutrient banking for the purpose of enhancing the health and viability of watersheds in areas with large concentrations of animal producing units [7 U.S.C. 5925a note; P.L. 107-171].
Repeal of seed distribution	Yes		Repeals authorization for competitive grants to carry out a seed distribution program to administer and maintain the distribution of vegetable seeds donated by commercial seed companies.
Repeal of study and report on food deserts	Yes		
Repeal of agricultural and rural transportation research and education	Yes		Repeals authorization for competitive grants for agricultural and rural transportation research and education activities.
Forest land enhancement	Yes		The program was not reauthorized in the 2008 farm bill.
Watershed Forestry Assistance Program (WFAP)	Yes		Sec. 6 of the CFAA, as amended, authorizes and establishes the Watershed Forestry Assistance Program (WFAP) between FY2004-FY2008. Funding has never been appropriated. [16 U.S.C. 2301b]
Cooperative National Forest Products Marketing Program	Yes		Sec. 18 of the CFAA, as amended, authorizes and establishes the Cooperative National Forest Products Marketing Program between FY1988-FY1991. Since FY1993, funding is appropriated through the Economic Action Program (EAP), administered by the U.S. Forest Service. [16 U.S.C. 2112]

Hispanic serving institution agricultural land national resources leadership	Yes		Funding has never been appropriated (from a 2008 farm bill program)
Tribal watershed forestry assistance	Yes		Authorized between FY2004-FY2008. Funding has never been appropriated.
Section 322 of the Department of the Interior and Related Agencies Appropriations Act, 1993	No		Sec. 322 of the Department of the Interior and Related Agencies Appropriations Act of 1993 (P.L. 102- 381, also known as the Appeals Reform Act), requires the U.S. Forest Service to provide public notice, comment, and appeals for land and resource management plans and projects developed under the Forest and Rangeland Renewable Resources Planning Act of 1974 [16 U.S.C. 1612, note]
Rural Energy Self-Sufficiency Initiative	Maybe		2008 farm bill program. No funds were ever appropriated and no rules were ever promulgated.No provision. Hence, program funding authority would expire after FY2013.
Forest Biomass for Energy Program	Yes		Authorized to be appropriated \$15 million annually (FY2009-FY2013).
Biofuels Infrastructure Study	Yes		The 2008 farm bill required USDA to conduct a study (and report) to assess the infrastructure needs for biofuels through 2025. No specific time frame or funding was provided.
Renewable Fertilizer Study	Yes		Study was to be completed within one year of receiving an appropriation. Authorized to be appropriated \$1 million for FY2009
Transporting Specialty Crops	Yes		Section 10403 of the 2008 farm bill Authorized appropriations of such sums as necessary.
