**ANNUAL MEETING OF STOCKHOLDERS  
TO BE HELD  
May 21, 2008**

**INTRODUCTION**

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of HopFed Bancorp, Inc. (the “Company”) for the Annual Meeting of Stockholders (the “Annual Meeting”) to be held at Heritage Bank, 4155 Lafayette Road, Hopkinsville, Kentucky on Wednesday, May 21, 2008, at 3:00 p.m., local time. The accompanying Notice of Annual Meeting and this Proxy Statement, together with the enclosed form of proxy, are first being mailed to stockholders on or about April 23, 2008.

**VOTING AND REVOCATION OF PROXIES**

Proxies solicited by the Board of Directors of the Company will be voted in accordance with the directions given therein. **Properly executed but unmarked proxies will be voted FOR Proposal I to elect three nominees of the Nominating and Corporate Governance Committee of the Board of Directors as directors of the Company.** If any other matters are properly brought before the Annual Meeting as to which proxies in the accompanying form confer discretionary authority, the persons named in the accompanying proxies will vote the shares represented thereby on such matters as determined by a majority of the Board of Directors. The proxies solicited by the Board of Directors confer discretionary authority on the persons named therein to vote with respect to the election of any person as a director where the nominee is unable to serve or for good cause will not serve, with respect to matters incident to the conduct of the Annual Meeting and with respect to any other matter presented to the Annual Meeting if notice of such matter has not been delivered to the Company in accordance with the Certificate of Incorporation and Bylaws. Proxies marked as abstentions will not be counted as votes cast. In addition, shares held in street name which have been designated by brokers on proxy cards as not voted (“broker non-votes”) will not be counted as votes cast. Proxies marked as abstentions or as broker non-votes, however, will be treated as shares present for purposes of determining whether a quorum is present.

Stockholders who execute the form of proxy enclosed herewith retain the right to revoke such proxies at any time prior to exercise. Unless so revoked, the shares represented by properly executed proxies will be voted at the Annual Meeting and all adjournments thereof. Proxies may be revoked at any time prior to exercise by written notice to the Secretary of the Company or by the filing of a properly executed, later-dated proxy. A proxy will not be voted if a stockholder attends the Annual Meeting and votes in person. The presence of a stockholder at the Annual Meeting alone will not revoke such stockholder’s proxy.

## VOTING SECURITIES

The securities which can be voted at the Annual Meeting consist of shares of the Company's common stock, \$.01 par value per share (the "Common Stock"). Stockholders of record as of the close of business on March 31, 2008 (the "Record Date") are entitled to one vote for each share of Common Stock then held on all matters. As of the Record Date, 3,574,233 shares of the Common Stock were issued and outstanding. The presence, in person or by proxy, of at least one-third of the total number of shares of Common Stock outstanding and entitled to vote will be necessary to constitute a quorum at the Annual Meeting.

Persons and groups owning in excess of 5% of Common Stock are required to file certain reports regarding such ownership with the Company and the Securities and Exchange Commission ("SEC") pursuant to the Securities Exchange Act of 1934, as amended (the "Exchange Act"). As of the Record Date, management was aware of the persons listed below who beneficially owned more than 5% of the outstanding shares of Common Stock. This information is based on the most recent report filed by such persons.

<u>Name and Address of Beneficial Owner</u>	<u>Amount and Nature of Beneficial Ownership</u>	<u>Percent of Shares of Common Stock Outstanding</u>
Jeffrey L. Gendell Tontine Management, L.L.C. Tontine Financial Partners, L.P. 55 Railroad Avenue Greenwich, CT 06830	266,878 <sup>(1)</sup>	7.42%
Royce & Associates, LLC 1414 Avenue of the Americas New York, New York 10019	286,100	7.96%

(1) Mr. Gendell serves as the managing member of Tontine Management, L.L.C., a Delaware limited liability company ("TM"), which is the general partner of Tontine Financial Partners, L.P., a Delaware limited partnership ("TFP"). TM has the power to direct the affairs of TFP, including decisions respecting the disposition of the proceeds from the sale of the shares. Mr. Gendell directs TM's operations.

### PROPOSAL I — ELECTION OF DIRECTORS

The Company's Certificate of Incorporation requires that directors be divided into three classes, as nearly equal in number as possible, the members of each class to serve for a term of three years and until their successors are elected and qualified. The Nominating and Corporate Governance Committee of the Board of Directors has nominated Boyd M. Clark, Harry J. Dempsey and Gilbert E. Lee to serve for a three-year term and until their successors are elected and qualified. Delaware law and the Company's Bylaws provide that directors shall be elected by a plurality of the votes of the shares present in person or represented by proxy and entitled to vote on the election of directors.

It is intended that the persons named in the proxies solicited by the Board of Directors will vote for the election of the named nominee. Stockholders are not entitled to cumulate their votes for the election of directors. If the nominee is unable to serve, the shares represented by all valid proxies will be voted for the election of such substitute director as the Nominating and Corporate Governance Committee of the Board of Directors may recommend, or the Board of Directors may reduce the number of directors to eliminate the vacancy.

The following table sets forth for the nominees and for each director and named executive officer such person's name, age, and the year such person first became a director, and the number of shares and percentage of Common Stock beneficially owned.

The Board of Directors recommends a vote “FOR” the nominees named below as directors of the Company.

## **CORPORATE GOVERNANCE AND OTHER MATTERS**

### **Board of Director and Stockholder Meetings**

The Board of Directors met 12 times during the fiscal year ended December 31, 2007. All directors attended at least 75% of the Board of Directors meetings and assigned committee meetings in 2007. The Company encourages directors' attendance at its annual stockholder meetings and requests that directors make reasonable efforts to attend such meetings. All of the members of the Board of Directors with the exception of Dr. Miller attended the 2007 Annual Meeting of Stockholders.

### **Board of Director Independence**

Each year, the Board of Directors reviews the relationships that each director has with the Company and with other parties. Only those directors who do not have any of the categorical relationships that preclude them from being independent within the meaning of applicable NASDAQ rules and who the Board of Directors affirmatively determines have no relationships that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director are considered to be "independent directors." The Board of Directors has reviewed a number of factors to evaluate the independence of each of its members. These factors include its members' relationships with the Company and its competitors, suppliers and customers; their relationships with management and other directors; the relationships their current and former employers have with the Company; and the relationships between the Company and other companies of which the Company's Board members are directors or executive officers. After evaluating these factors, the Board of Directors has determined that Messrs. Dempsey, Lee, Kinsey, Ezell, Kelley and Miller, are independent directors of the Company within the meaning of applicable NASDAQ listing standards.

Independent members of the Board of Directors of the Company meet in executive session without management present and are scheduled to do so at least two times per year. During the fiscal year ended December 31, 2007, the independent members of the Board of Directors met two times in executive session without management present.

### **Stockholder Communications**

Stockholders may communicate directly with members of the Board of Directors or the individual chairman of standing Board of Directors committees by writing directly to those individuals at the following address: P.O. Box 537, Hopkinsville, Kentucky 42241. The Company's general policy is to forward, and not to intentionally screen, any mail received at the Company's corporate office that is sent directly to an individual, unless the Company believes the communication may pose a security risk. The Board of Directors reserves the right to revise this policy in the event it is abused, becomes unworkable or otherwise does not efficiently serve the policy's purpose.

## **Code of Ethics**

The Board of Directors has adopted a Code of Ethics that applies to all officers, other employees and directors. A link to the Code of Ethics is on the Investor Relations portion of the Company's website at: <http://www.bankwithheritage.com>. Any waiver or substantive amendments of the Code of Ethics applicable to the Company's directors and executive officers also will be disclosed on the Company's website.

## **COMMITTEES OF THE BOARD OF DIRECTORS**

The Board of Directors has a standing Audit Committee, Compensation Committee, and Nominating Corporate Governance Committee. The Board of Directors has determined that all of the directors who serve on these committees are independent within the meaning of applicable Securities and Exchange Commission ("SEC") rules and NASDAQ listing standards. The Board of Directors has adopted a charter for each of the three standing committees. Links to these committee charters are on the "Investor Relations" portion of the Company's website at: <http://www.bankwithheritage.com>. The Board of Directors of each of the Company and the Bank also has an Executive Committee.

### **Audit Committee**

The current members of the Audit Committee are Dr. Dempsey, who serves as the Chairman, and Messrs. Kelley, Lee and Miller. Each of the members of the committee is independent within the meaning of applicable NASDAQ rules. The Board of Directors has determined that Dr. Miller is an "audit committee financial expert" as defined in Item 401(h) of Regulation S-K.

The Audit Committee has oversight responsibility for the quality and integrity of the Company's financial statements. The Audit Committee meets privately with the independent auditors, has the sole authority to retain and dismiss the independent auditors and reviews their performance and independence from management. The independent auditors have unrestricted access and report directly to the committee. The Audit Committee met four times during 2007. The primary functions of the Audit Committee are to oversee: (i) the audit of the financial statements of the Company provided to the SEC, the shareholders and the general public; (ii) the Company's internal financial and accounting processes; and (iii) the independent audit process. Additionally, the Audit Committee has responsibilities relating to: (i) registered public accounting firms; (ii) complaints relating to accounting, internal accounting controls or auditing matters; (iii) authority to engage advisors; and (iv) funding as determined by the audit committee. These and other aspects of the Audit Committee's authority are more particularly described in the Audit Committee Charter adopted by the Board of Directors, available on the "Investor Relations" portion of the Company's website at: <http://www.bankwithheritage.com>.

The Audit Committee has adopted a formal policy concerning approval of audit and non-audit services to be provided to the Company by its independent auditor. The policy requires that all services to be provided by the independent auditor, including audit services and permitted audit-related and non-audit services, must be pre-approved by the Audit Committee. The Audit Committee approved all audit and non-audit services provided during 2007.

### **Compensation Committee**

The members of the Compensation Committee are Mr. Lee, who serves as the Chairman, and Messrs. Ezell, Kelley, Kinsey and Miller, each of whom is a non-employee director and is also independent within the meaning of NASDAQ listing standards. The Compensation Committee met two times during 2007. The functions of the Compensation Committee include making recommendations to the Board of Directors concerning compensation, including incentive compensation, of the executive officers and directors. The Compensation Committee also administers our stock incentive plans. A link to the Compensation Committee Charter is on the "Investor Relations" portion of our website at: <http://www.bankwithheritage.com>.

## **Nominating and Corporate Governance Committee**

The independent members of the Board of Directors serve as the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee is responsible for evaluating and recommending individuals for election or re-election to the Board of Directors, including those recommendations submitted by stockholders, the evaluation of the performance of the Board of Directors and its committees, and the evaluation and recommendation of corporate governance policies. In 2007, the Nominating and Corporate Governance Committee held one meeting

It is a policy of the Nominating and Corporate Governance Committee that candidates for director possess the highest personal and professional integrity, have demonstrated exceptional ability and judgment and have skills and expertise appropriate for the Company and serving the long-term interests of the Company's shareholders. The committee's process for identifying and evaluating nominees is as follows: (1) in the case of incumbent directors whose terms of office are set to expire, the committee reviews such directors' overall service to the Company during their terms, including the number of meetings attended, level of participation, quality of performance, and any related party transactions with the Company during the applicable time period (incumbent directors whose terms are to expire do not participate in such review); and (2) in the case of new director candidates, the committee first conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board of Directors.

The Nominating and Corporate Governance Committee meets to discuss and consider such candidates' qualifications, including whether the nominee is independent within the meaning of NASDAQ rules, and then selects a candidate for recommendation to the Board of Directors by majority vote. In seeking potential nominees, the Nominating and Corporate Governance Committee uses its and management's network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. To date, the Nominating and Corporate Governance Committee has not paid a fee to any third party to assist in the process of identifying or evaluating director candidates, nor has the committee rejected a timely director nominee from a stockholder(s) holding more than 5% of the Company's voting stock.

The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders, provided the stockholders follow the procedures set forth in the Company's Certificate of Incorporation. The committee does not intend to alter the manner in which it evaluates candidates, including the criteria set forth above, based on whether the candidate was recommended by a stockholder or otherwise.

The Company's Certificate of Incorporation provides that, to be timely, a stockholder's notice of nomination must be delivered or mailed to the Secretary of the Company not less than 30 days nor more than 60 days prior to an annual meeting; provided, however, that in the event that less than 40 days' notice of the meeting is given or made to stockholders, notice by the stockholder, to be timely, must be not later than close of business on the 10th day following the date on which notice is mailed. A stockholder's notice of nomination must also set forth as to each person who the stockholder proposes to nominate for election as a director, (a) the name, age, business address and, if known, residence address of such person, (b) the principal occupation or employment of such person, (c) the class and number of shares of the Company which are beneficially owned by such person, and (d) any other information reasonably requested by the Company. At the request of the Board of Directors, any person nominated by the Board of Directors for election as a director shall furnish to the Secretary of the Company that information required to be set forth in a stockholder's notice of nomination which pertains to the nominee. Stockholder nominations may be proposed by any shareholder eligible to vote at an annual meeting provided the notice is timely and complies with the informational requirements of the Certificate of Incorporation. See "Date for Submission of Stockholder Proposals."

The Nominating and Corporate Governance Committee may reject any nomination by a stockholder not made in accordance with the requirements of the Company's Certificate of Incorporation. Notwithstanding the foregoing procedures, if neither the Board of Directors nor such committee makes a determination as to the validity of any nominations by a shareholder, the chairman of the annual meeting shall, if the facts warrant, determine at the annual meeting whether the nomination was made in accordance with the terms of the Certificate of Incorporation.

## **Executive Committees**

The Board of Directors of each of the Company and the Bank has established an Executive Committee which, when the Board of the Company or the Bank is not in session, may exercise all of the authority of the Board except to the extent that such authority is limited by law or Board resolution. Members of the Executive Committee of each of the Company and the Bank are Messrs. Kelley, Lee, Peck and Ezell. During 2007, the Executive Committee of the Company and the Bank each conducted three meetings.

## **COMPENSATION DISCUSSION AND ANALYSIS**

### **Overview of Compensation Program**

The Compensation Committee of the Board of Directors (the "Committee"), comprised entirely of independent directors, has responsibility for establishing, implementing and monitoring adherence with the Company's compensation program. The role of the Committee is to oversee, on behalf of the Board and for the benefit of the Company and its shareholders, the Company's compensation and benefit plans and policies, administer its stock plans (including reviewing and approving equity grants to directors and executive officers) and review and approve annually all compensation decisions relating to the CEO and the other executive officers of the Company. The Committee meets a minimum of two times annually to review executive compensation programs, approve compensation levels and performance targets, review management performance, and approve final executive bonus distributions. The Committee operates in accordance with a charter, most recently revised in January 2008, which sets forth its rights and responsibilities. The Committee and the Board annually review the charter.

### **Introduction**

In this section, we discuss certain aspects of our compensation program as it pertains to our President and Chief Executive Officer, our Chief Financial Officer, and our other most highly-compensated executive officers listed in the Summary Compensation Table. We refer to these seven persons throughout as the "named executive officers." Our discussion focuses on compensation and practices relating to our most recently completed fiscal year.

We believe that the performance of each of the named executive officers has the potential to impact both our short-term and long-term profitability. Therefore, we place considerable importance on the design and administration of the executive compensation plans, policies and benefit programs.

### **Compensation Philosophy and Objectives**

The Company and the Committee believe that the compensation paid to executive officers should be closely aligned with the performance of the Company, that such compensation must be competitive with similar institutions in the region, and that such compensation should assist the Company in attracting and retaining key executives critical to the Company's long-term success. The Committee utilizes both salary and equity compensation as a tool to attract and retain key executive officers. The Committee believes that compensation based on short term performance goals may not always be in the best interest of stockholders. The Committee believes that compensation should be structured to ensure that a portion of the executive's compensation opportunities will be directly related to Company achieving its longer term goals established in its Three Year Business Plan. Execution of the Company's Business Plan may not result in immediate improvement in the Company's stock price since the Company's current focus is on expansion into higher growth markets. This expansion may result in higher operating expenses and lower earnings in the near term. However, the Board of Directors is committed to the long term growth opportunities and enhanced shareholder value that this expansion provides.

The Board of Directors remains committed to shareholder value by achieving a higher stock price in the future, with most operational and financial goals set within a five year time frame. The Committee recognizes that the Company's stock is thinly traded and daily prices can fluctuate widely based on small trade volumes, making it difficult to measure the short-term performance of the Company's stock.

For the Company's most senior executive officers, including the executive officers named in this proxy statement, the equity compensation is designed to reward Company-wide performance of the business goals set out by the Company's Board of Directors. In last three years, the Company has chosen to utilize equity compensation in the form of restricted stock awards in addition to a base salary as a means to attract and retain key executive officers.

### **Role of Executive Officers and Compensation Consultant**

The Committee makes all compensation decisions for the CEO and all other executive officers of the Company. The CEO annually reviews the performance of each other executive officer. The conclusions reached and recommendations based on these reviews, including with respect to salary adjustments and annual award amounts, are presented to the Committee. The Committee considers the CEO's recommendation when making its final compensation decision for all executives other than the CEO.

The Committee utilizes the Human Resource Department and also has the authority under its charter to engage the services of outside consultants to assist the Committee. In accordance with this authority, the Committee in 2007 utilized the 2006 Financial Institutions Compensation Survey Report (the "Survey"), prepared for the Kentucky Bankers Association ("KBA") by Crowe Chizek and Company LLC, to compare and benchmark the total compensation program for the CEO and other executive officers. The Survey collects data from over 94 financial institutions and reports data on more than 8,800 bank employee salaries. The Company participates in this Survey annually.

In addition to the KBA survey, the Compensation Committee conducted a salary review of twenty-one publically traded financial institutions with assets between \$500 million and \$1 billion located in Indiana, Alabama, Georgia, Kentucky, Mississippi and Tennessee. The median size, financial performance, and financial condition of these institutions are similar to HopFed Bancorp. The salary information for the Chief Executive Officer, Chief Operating Officer, Chief Financial Officer and Chief Credit Officer was compared for the following financial institutions for the period ending December 31, 2006:

Appalachian Bancshares, Inc.	Atlantic Coast Federal Corporation
Atlantic Southern Financial Corporation	Auburn National Bancorp, Inc.
CapitalSouth Bancorp	Citizens Holding Company
Civitas BankGroup Inc.	Community Bank Shares of Indiana, Inc.
Crescent Banking Company	First Financial Service Corporation

## Setting Executive Compensation

The Company intends to continue its strategy of compensating its executives through programs that emphasize performance-based incentive compensation. The Company has structured cash and equity compensation to motivate executives to achieve the business goals set by the Company and rewards the executives for achieving such goals. For the executive officers, including the named executive officers in the Summary Compensation Table, the current compensation package includes a base salary, grants of stock options and/or awards of restricted stock. Executives with lending responsibilities may also receive cash bonuses based on incentives including production, asset quality and margin enhancement. The executive's base salary is intended to provide a certain level of income commensurate with an executive's position, responsibilities, and contributions to the Company. The Committee believes the combined value of base salary plus annual incentive is competitive with the salary and bonus provided to similarly situated executives as reflected in the salary report from the Kentucky Banker's Association.

## Base Salary

Base salary ranges are established based on a number of factors, including the KBA Survey of similar asset sized financial institutions as well as other market data. The KBA Survey illustrates the market rate for select executive positions expressed as a percentage of the median paid by the respondent companies. Executive positions are individually benchmarked against these survey sources annually to establish a competitive salary range for each position, which is typically targeted to be at or slightly above the median of the survey results.

The actual base salary of each executive officer relative to the target established above is determined by the executive's performance, which is evaluated annually by the CEO and reviewed and approved by the Committee. In the case of the CEO, the Committee also considers the performance of the Company, and the anticipated level of difficulty of replacing the CEO with someone of comparable experience and skill. Based on these factors, the Committee established the CEO's base salary at \$241,500 per year in June 2007. Salaries for the named executive officers are set forth on the Summary Compensation Table.

The Committee adjusted the salaries of Mr. Bennett to \$140,946, Mr. Lawson to \$125,000 and Mr. Burrow to \$125,417 effective January 1, 2008. The Committee adjusted the salaries of Messrs Duvall, Woolfolk, Stalls and Clark to \$131,947, \$184,275, \$144,779 and \$117,107, respectively at July 1, 2007 and will review their salaries in June 2008, with any changes in base salary effective as of July 1, 2008.

## Long Term Incentive Compensation

In 2007, the Committee made grants of restricted stock to certain executive officers, including the CEO, under the Company's stock plans. The purpose of these equity incentives is to encourage stock ownership, offer long-term performance incentive and to more closely align the executive's compensation with the return received by the Company's shareholders. In 2007, the Committee made restricted stock grants to the CEO and executive officers as outlined in the table titled *Grant of Plan – Based Awards* included in this document. Grants of stock options and restricted stock are typically made on an annual basis at the Committee's June meeting following the public release of the Company's fiscal year-end results. Stock options, when awarded, have an exercise price equal to 100% of the fair market value of the Company's common stock on the date of grant. Restricted stock grants vest equally over a four year period but vesting may be accelerated due to the a change in control of the Company, an exercise of options by the award recipient and the death or termination without cause of the award recipient. In 2008, the Committee has approved restricted stock awards totaling 355 shares to a non-executive management employee. In 2008, the Committee has not approved any stock option grants.

## Retirement Plans

### *Defined Contribution Plan*

The Company has a defined contribution retirement plan in which certain of the named executive officers currently participate.

### **401(k) Plan**

The Company's 401(k) Plan is a tax-qualified plan that covers all eligible salaried and hourly employees. Currently the Company makes matching contributions of 100% up to the 4% elective deferral rate. Elective deferrals of greater than 4% are not matched by the Company. In addition, the Company provides an additional contribution for all eligible employees equal to 4% of their base salary. The 401(k) Plan is a defined contribution plan and as such the ultimate benefit is a derivative of the contributions made and the performance of the underlying investments. Each participant self directs their respective investments from an approved master list of qualifying investment funds. No Company issued securities are held in the 401(k) plan. For the year ended December 31, 2007, all named executive officers participated in the 401(k) Plan. For the year ended December 31, 2007, the Company's total expense related to its 401(k) Plan was \$427,000.

### **Perquisites and Other Personal Benefits**

The Company generally does not provide the named executive officers with perquisites or other personal benefits such as Company vehicles, club memberships, financial planning assistance, tax preparation, or other benefits not described above. The only exception is that the Company provides Mr. Peck and Mr. Bennett with reimbursement for country club dues. Mr. Peck also has the use of a Company owned vehicle. The values of these benefits are disclosed in the Summary Compensation Table.

### **Employment and Other Agreements**

The Company and the Bank have employment agreements with Messrs. Peck, Woolfolk, Duvall, Stalls and Bennett.

The employment agreements with Mr. Peck are three-year agreements. On each annual anniversary date of these agreements (June 30), the agreements and Mr. Peck's term of employment may be extended for an additional one-year period beyond the then effective expiration date, provided that the Board determines in a duly adopted resolution that Mr. Peck's performance has met the Board's requirements and standards. The agreements provide for a base salary and certain perquisites as noted above. In addition, the agreements provide certain payments to Mr. Peck in the event his employment is terminated as a result of a change of control of the Company or the Bank, or his termination without just cause. Upon a termination within 12 months after a change in control, Mr. Peck would be entitled to receive an amount equal to 2.9 times Mr. Peck's base salary. Mr. Peck's agreement with the Company also provides for a gross-up payment to offset the effects of any excise taxes imposed on him under Section 4999 of the Internal Revenue Code. Upon a termination without just cause, Mr. Peck would be entitled to a lump sum payment equal to his remaining salary under the agreements.

The employment agreements with Mr. Woolfolk are three-year agreements that may be extended on the same basis as Mr. Peck's agreements. The agreements provide for a base salary as noted above. In addition, the agreements provide certain payments to Mr. Woolfolk in the event his employment is terminated as a result of a change of control of the Company or the Bank, or his termination without just cause. Upon a termination within 12 months after a change in control, Mr. Woolfolk would be entitled to receive an amount equal to 2.9 times Mr. Woolfolk's base salary. Mr. Woolfolk's agreement with the Company also provides for a gross-up payment to offset the effects of any excise taxes imposed on him under Section 4999 of the Internal Revenue Code. Upon a termination without just cause, Mr. Woolfolk would be entitled to a lump sum payment equal to his remaining salary under the agreements.

The employment agreement between the Bank and Mr. Bennett is a four year agreement beginning November 2, 2005. The agreement provides for a base salary of \$140,946 beginning January 1, 2008. In addition, the agreement provides certain payments to Mr. Bennett in the event of his termination of employment without cause. In such event, Mr. Bennett would be entitled to receive an amount equal to his base salary plus the continuation of other employee benefits through the term of the contract.

The employment agreements for Messrs. Duvall and Stalls are for a term beginning on February 12, 2008 to June 30, 2010. As with Mr. Peck, the Compensation Committee may extend the employment agreements for an additional year prior to July 1 of each year. The agreements provide for a base salary as noted above. In addition, the agreements provide certain payments to Messrs. Duvall and Stalls in the event their employment is terminated as a result of a change of control of the Company or the Bank, or they are terminated without just cause. Upon a termination within 12 months after a change in control, Messrs. Duvall and Stalls would be entitled to receive an amount equal to two times their base salaries. Upon a termination without just cause, they would be entitled to a lump sum payment equal to their remaining salaries under the agreements. Messrs. Duvall and Stalls current base salaries are \$131,947 and \$144,779, respectively.

The employment agreements for Messrs. Duvall and Stalls include a non-compete clause, which would prevent Messrs. Duvall and Stalls from being employed, owning, or acting as a consultant to any financial institution, mortgage brokerage firm, insurance firm or other company that may compete either indirectly or directly with the Company or the Bank for a period of one year after termination of employment. The non-compete clause is limited to fifty miles of any office of the Company or its subsidiaries. In the event of a change of control, the non-compete clause for Messrs. Duvall and Stalls becomes void.

Except for these agreements, and our broad-based severance policy, none of our named executive officers has an agreement which requires us to pay their salaries for any period of time. We entered into these agreements because the banking industry has been consolidating for a number of years, and we do not want our executives distracted by a rumored or actual change in control. Further, if a change in control should occur, we want our executives to be focused on the business of the organization and the interests of shareholders. In addition, we think it is important that our executives can react neutrally to a potential change in control and not be influenced by personal financial concerns. We believe these agreements are consistent with market practice and assist us in retaining our executive talent.

The Company has a Supplemental Executive Retirement Plan (“SERP”) for Mr. Robert Burrow. The SERP provides for monthly payments to the covered executive in amounts indexed to an underlying life insurance policy. The benefit takes the form of two components: the pre-retirement benefit and the post-retirement benefit. The respective benefits are accrued annually as an expense to the Company and recorded as a liability payable to the covered executive at the normal retirement age of 65. The pre-retirement component is paid in a lump sum and is payable to a named beneficiary in the event of the covered executive’s death prior to the beginning of post retirement payments. The post-retirement benefit is payable monthly for 180 months. At December 31, 2007, the accrued liability for Mr. Burrow was \$104,220. The cash surrender value of the underlying life insurance policy of which the Company is the owner and beneficiary was \$137,800 at December 31, 2007.

#### **Deductibility of Executive Compensation**

Section 162(m) of the Internal Revenue Code limits the deductibility for federal income tax purposes of executive compensation paid to the CEO and the four other most highly compensated officers of a public company to \$1,000,000 per year, but contains an exception for certain performance-based compensation. Base salary, by its nature, does not qualify as performance-based compensation under Section 162(m). The Company’s grants of stock options and restricted stock under its stock award plans qualify as performance-based compensation under Section 162(m).

#### **Policy on Pre-approval of Audit and Permissible Non-audit Services**

The Audit Committee has considered whether the provision of non-audit services by the Company's independent auditors is compatible with maintaining audit independence. The Audit Committee is authorized to pre-approve all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent auditors and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis. In assessing requests for services by the independent auditors, the Audit Committee considers whether these services are consistent with the auditors' independence, whether the independent auditors are likely to provide the most effective and efficient service based upon their familiarity with the Company, and whether the service could enhance the Company's ability to manage or control risk or improve audit quality. For 2007 and 2006, non-audit services included only those services described above for "Audit-Related Fees" and "Tax Fees." All of the audit-related and tax services and related fees were approved in advance by the Audit Committee.
